PRESS RELEASE #23

4 June 2011

Misinformation

We are very concerned by the volume of misinformation, sensationalism and defamatory claims circulating around social media sites and by email at the moment. There is a lot of false or misleading information being put into circulation. We advise people to check the integrity and verifiability of claims being made.

If a claim concerns DanceSport New Zealand or its delegates or officers we are happy to provide a public clarification. So that everyone can access the correct information we will be positing our responses to misinformation as we become aware of it on our FAQ page and will put brief notes on our facebook page to alert updates. We believe it is important that the correct information is available to our members and other interested parties.
